

Policy & Procedure

Suspending or Cancelling Student Enrolment

Purpose

The purpose of this Policy & Procedure is to ensure consistency in the management of changes to the enrolments for overseas and domestic students intending to study with IIA. This includes suspension or cancellation of the overseas and domestic student's enrolment.

It is also to ensure all necessary information has been provided to the relevant government department by maintaining updated information in the Provider Registration and Overseas Student Management System (PRISMS) database.

Inputs

National Code 2018 Standard 9 - Deferring, suspending, or cancelling the overseas student's enrolment

9.3 A registered provider may suspend or cancel a student's enrolment including, but not limited to, on the basis of:

9.3.1 misbehaviour by the student

9.3.2 the student's failure to pay an amount he or she was required to pay the registered provider to undertake or continue the course as stated in the written agreement

9.3.3 a breach of course progress or attendance requirements by the overseas student, which must occur in accordance with Standard 8 (Overseas student visa requirements).

9.4 If the registered provider initiates a suspension or cancellation of the overseas student's enrolment, before imposing a suspension or cancellation the registered provider must:

9.4.1 inform the overseas student of that intention and the reasons for doing so, in writing

9.4.2 advise the overseas student of their right to appeal through the provider's internal complaints and appeals process, in accordance with Standard 10 (Complaints and appeals), within 20 working days.

9.5 When there is any deferral, suspension or cancellation action taken under this standard, the registered provider must:

9.5.1 inform the overseas student of the need to seek advice from Immigration on the potential impact on his or her student visa

9.5.2 report the change to the overseas student's enrolment under section 19 of the ESOS Act.

9.6 The suspension or cancellation of the overseas student's enrolment under Standard 9.3 cannot take effect until the internal appeals process is completed, unless the overseas student's health or wellbeing, or the wellbeing of others, is likely to be at risk.

Requirement

The Standards for RTOs 2015 does not specify how an RTO is to manage any changes to the enrolments, including suspension or cancellation, for students intending to study nationally recognised training with the RTO.

Under the National Code 2018, the RTO is required to manage any changes to the enrolments for overseas students intending to study with IIAs including suspension or cancellation of the overseas student's enrolment. The organisation must also ensure all necessary information has been provided to the relevant government department by maintaining updated information in the Provider Registration and Overseas Student Management System (PRISMS) database.

Policy

The following information sets out the specific requirements that are to be met by IIA staff when managing the enrolment of domestic and overseas students, including any changes such as suspension or cancellation of the student's enrolment.

Enrolment may be cancelled for the following reasons:

- when a student requests to cancel the enrolment
- when the RTO initiates the cancellation process

For overseas students' enrolment may be cancelled when a student's application for student visa is refused by Australian Government.

IIA also has an obligation to ensure all necessary information about the enrolments of overseas students has been provided to the relevant government department by maintaining updated information in the Provider Registration and Overseas Student Management System (PRISMS) database.

Student Initiated Cancellation

If a student requests to cancel their enrolment, a meeting with the Academic manager is organised to review the request and advise the student.

Output: Assessing the cancellation request

Responsibility: Academic manager

Meet with the Student

Advise all students of:

- Changes to their future course enrolments at IIA, if any.
- Any financial obligations such as any applicable refund or the fees that they may still be required to pay according to the signed student agreement.

Advise overseas students of:

- Their visa obligations that a change in their enrolment may affect their current student visa.
- Release Requirement:
 - Assess if the student would require release from IIA, even if the student has not requested in application form.
 - If yes, inform the student of their obligation to complete a minimum of six months in their principal course at IIA. To move to another education provider before completing six months of their principal course, they would need to obtain a 'Release' from IIA.
 - After assessing the reasons for student cancellation request, based on Overseas Student Transfer Policy advise them if IIA will/will not release them.

Provide the student with an *Application to Cancel Enrolment form* for them to complete and return.

Provide the student with a written / email summary of discussion.

If a face-to-face meeting with the student is not possible, obtain the reason for their cancellation request in writing or email.
